Mother's Day is an occasion which is celebrated in various parts of the world to express respect, honour, and love towards mothers. It is a day which makes people remember the importance and significance of mothers in their life and is observed as a day to give special emphasis to the motherly figures around the world.

The present-day celebration of Mother's Day began in the year 1908 when Anna Jarvis organized a memorial for her mother, Ann Jarvis, a peace activist who used to care the wounded soldiers of the American Civil War. Anna Jarvis began the task of getting support for the celebration of Mother's Day in the United States in 1905 after her mother died the same year. She wanted to honour all the mothers of the world who have done a lot for their family and society. Due to her continuous efforts, most of the US states by 1911 started celebrating Mother's Day as a local holiday. Finally, the second Sunday of May was officially designated as Mother's Day in the USA. In this way, the present Mother's Day came into existence in the USA and the same date is also selected by countries like India, Bangladesh, Pakistan, Italy, Singapore, Belgium, and a lot of other countries.
